

Welcome to Strandzuid, Amsterdam's city beach.

In 2017 Strandzuid, the city beach next to RAI Amsterdam, reopens its doors with a completely new location. The wooden pavilions make way for a large complex on the east side of the pond, which is home to the restaurant and various rooms for events.

It is the new summer location of Amsterdam, where you can enjoy a craft beer on the terrace, dinner in the restaurant or an event in one of the separate areas.

For visitors of ReMaTec 2017, Strandzuid offers a special three course menu for only €33.50.
